

GLOBE TO HAVE STREET CAR LINE

FRANCHISE IS ASKED BY PROMINENT CITIZEN

ELECTION FOR VOTING ON ORDINANCE MUST BE CALLED BEFORE GRANTING.

MAY BE RUNNING IN 2 YEARS

PETITION FOR SUNDAY CLOSING LAID ON TABLE UNTIL JUNE 1, 1910.

Broad Street Grade Again Bobs Up and Again Is Settlement Impossible, It Being Laid Over for Two Weeks—Session Lasts Until Late Hour.

The first steps toward the building of an electric street car line for Globe were taken last evening when George W. P. Hunt presented to the city council at its regular session an application for a franchise, accompanied with a petition that the voters of the city be asked to pass on the franchise at a special election. The application was accompanied by a proposed ordinance, drawn in regular form, and was presented by Mr. Hunt in person.

The proposed ordinance grants the right to George W. P. Hunt to construct and maintain a street railroad in the city of Globe, and it is understood from the discussion upon the subject by the board of aldermen that Mr. Hunt and his associates are willing to make liberal concessions to the city if the franchise is granted.

The ordinance provides for a franchise to build tracks from a point on Broad street at the southern boundary of the city to a point on Broad street at the northern boundary; also beginning at the intersection of Maple and Third streets, running west on Maple to Hill street, north on Sutherland to the intersection of Sutherland and Sycamore, on Sycamore to Hill, on Hill to Oak, and on Oak to the intersection of Oak and Broad streets, where it joins the main line.

A branch is also provided for, commencing at the intersection of Devereaux and Tonto streets, thence south on Devereaux to Oak and over Oak to join the first branch at Oak and Hill streets.

The value and utility of such a line can readily be seen by the study of the lines to be covered, branching as it does to the populous residence districts of the city and carrying traffic down the main line on Broad street north and south, the greater amount of business presumably to be to the smelters and the districts which will be built to the north of the city with the development of the rich mining country in that direction.

Mr. Hunt agrees to use rails weighing not less than fifty pounds to the yard, and the purpose of the railroad is stated as the carrying of passengers, baggage and express. One of the conditions of the franchise is that the line shall be in operation within two years of the time of the granting of the franchise, and that construction shall be begun within one year.

The motive power of the road may be either electricity or gasoline, the equipment to be of the best and the roadbed to conform to the established grade of the streets. Passenger cars are to be run at intervals not to exceed forty minutes and the fare for each passenger is guaranteed to be not more than ten cents for each trip.

The petition and proposed ordinance were referred to the city attorney for legal advice as to the proper course to pursue in handling the same, and will undoubtedly be taken up at the next meeting of the council.

PETITION FOR SUNDAY CLOSING CLOSING GOES ON TABLE

A petition signed by 372 residents of the city was received by the council asking for the closing of all saloons of the city between the hours of 12 o'clock Saturday night and 5 o'clock Monday morning. The petition was not accompanied by any sponsor, but was found in the council chambers when the board convened. After some discussion a motion by Van Slyke prevailed that the matter be laid on the table until June 1, 1910, which is the date of the first meeting of the council which will succeed the present board of aldermen.

A petition signed by owners of property on the east side of Broad street between Cedar and Mesquite, asking that the sidewalk line be established to

Organization Will Promote Trade in Copper

NEW YORK, December 17.—REPRESENTATIVES OF THE LEADING COPPER INDUSTRIES IN THIS COUNTRY AND EUROPE WILL MEET HERE TOMORROW TO ORGANIZE THE INTERNATIONAL ASSOCIATION OF COPPER PRODUCERS, REFINERS AND MANUFACTURERS. PHELPS, DODGE & CO., WHO RECENTLY INCORPORATED THEIR PROPERTIES INTO A \$50,000,000 COMPANY, ARE SAID TO BE TAKING AN ACTIVE PART IN THE MOVEMENT, ALTHOUGH NO INFORMATION ON THE POINT WAS OBTAINABLE FROM THAT SOURCE TODAY.

THE INTERESTS CONCERNED ARE SAID TO REPRESENT ABOUT 65 PER CENT OF THE WORLD'S COPPER OUTPUT.

IT IS PROPOSED TO ORGANIZE A STATISTICAL BUREAU AND DISSEMINATE INFORMATION AT REGULAR PERIODS, SO AS TO KEEP MANUFACTURERS AND CONSUMERS IN TOUCH WITH TRADE CONDITIONS.

ROOSEVELT AND TAFT TALK OF TRIP TO PANAMA

PRESIDENT AND PRESIDENT-ELECT CONFERENCE AT THE WHITE HOUSE.

WASHINGTON, December 17.—At the request of President Roosevelt, President-elect Taft came to Washington from New York today and passed two hours in conference with the president. The president sent word to Taft that he earnestly desired to see him in order that some matters might be discussed. With the president-elect came his brother, Charles P. Taft, and on the train he met Secretary Strauss, with whom he talked some time.

Mr. Taft arrived at the White House at the president's regular luncheon hour. At this was the last opportunity the president will have to converse with Taft his Panama trip, it is said this subject occupied most of their time. At the union station Taft was joined by his sons and they accompanied him south. The secretary's party also included Wendell Mitchell, Taft's assistant secretary, and a number of newspaper correspondents. Taft and his party are due at Augusta, Ga., at 10:10 o'clock tomorrow morning.

GREAT PREPARATIONS TAKEN.

CHARLOTTESVILLE, Va., December 17.—President-elect Taft's visit to the White House today was at the instance of President Roosevelt, who wished to consult with him regarding details for the coming trip to Panama which Taft is to take. While all arrangements have not been made, it was decided the trip should be made with two cruisers of the navy. The start will be from Charleston on January 25. The decision to have two cruisers to convey the president-elect is a precaution suggested by certain senators on the ground that there is no legal provision for a successor to the presidency in the event of a fatality overtaking the president-elect.

GENERAL SIMON ELECTED TO PRESIDENCY OF HAYTI

PORT AU PRINCE, December 17.—General Antoine Simon, leader of the last revolution in Hayti, that resulted in the flight of President Nord Alexis from the capital, and who made his triumphant entry into Port au Prince ten days ago, was today unanimously elected president of the republic by the Haytian congress.

CALIFORNIA VILLAGE IS WIPED OUT BY FIRE FIEND

STOCKTON, Calif., December 17.—The town of Plymouth in Amador county, containing about twenty houses, a hotel, four or five saloons and a dozen residences, was totally destroyed by fire Tuesday night. Telegraph and telephone offices were burned. The news came out today by travelers.

SNOW IN CALIFORNIA.

STOCKTON, Cal., December 17.—Heavy snow falls are reported in the foothill counties in the storm Wednesday night and this morning. Snow fell in Tuolumne county as far down as Jamestown and Sonora, three inches deep.

SCHOOL WILL CLOSE FOR TWO WEEKS' HOLIDAY

CLOSING EXERCISES THIS AFTERNOON WILL PRECEDE SHORT VACATION.

TO BE HELD AT HIGH SCHOOL

SAID THAT SEVERAL TEACHERS WILL LEAVE SCHOOLS AT BECK OF CUPID.

After appropriate holiday exercises, the city schools will close this afternoon for the Christmas and New Year vacation, which will be of two weeks' duration. The closing exercises of the high school literary society will be a prominent feature of the term's closing at the Central building. A very attractive program has been arranged and there will undoubtedly be a large turnout of parents and friends of the school. Interesting little programs will be rendered in all the rooms this afternoon.

Mrs. Mabelle Woods, one of the most efficient of the primary teachers, will say farewell to her pupils this afternoon, and will sever her connection with the Globe schools. Mrs. Woods has accepted a position as superintendent of primary work of the city schools of Houston, Texas, where she will receive a salary greatly in excess of the stipend received in Globe. Her departure is deeply to be regretted, as she has made fine progress in the primary grades here and is held in high esteem by her associate teachers and pupils.

If Dame Rumor be true in her forecasts, the faces of two other teachers in the city schools will be missed when the children assemble for the new term. These young ladies are captives and Dan Cupid will be led to the altar during Christmas week.

An attractive feature of the holidays in educational circles will be the sessions of the Gila County Teachers' association, which open December 21 at the Central building and will close on the night of December 23. The special gathering of teachers, which was to occur Monday night at Library hall, will take place on the second floor of the new bakery building. A strong attraction during the week will be the lecture of Dr. Babcock, president of the University of Arizona, at the M. E. church Tuesday night. His subject will be "An Hour With Recent Poets." It is presumed that this term has been made sufficiently general to include Globe's sweet warbler and poet laureate, J. Watt Hogue, utility man. The Silver Belt has this assurance at least from Professor Smith, superintendent of the city schools.

HAINS INQUIRED FOR ANNIS BEFORE KILLING

TESTIMONY IN TRIAL OF MAN ACCUSED OF MURDER IS DAMAGING.

FLUSHING, December 17.—Frederick A. Storm, a real estate dealer, testified today at the trial of Thornton Hains, as principal with his brother, Captain Peter C. Hains, Jr., in the killing of William E. Annis, that the defendant inquired as to the whereabouts of Annis shortly before the latter sailed up to the dock where he was shot. "Thornton Hains stopped talking about real estate and asked me where Annis was," said the witness. "I pointed out Annis' boat, then sailing toward the float."

The shooting of Annis followed. Upon this statement, Storm, of the prosecution, hinges his contention that the Hains brothers hunted up Annis for the purpose of killing him.

Other important testimony was given by Charles Birchfield, a friend of Annis, who declared that Thornton Hains drove him back with a drawn revolver when he sought to stop the shooting. Thornton Hains also drove Mrs. Annis from the float with a revolver, according to Birchfield.

Mrs. William E. Annis, widow of the slain man, testified to establish the death of her husband. She will take the stand again.

KICK ON HIGHER RATES.

SAN FRANCISCO, December 17.—H. A. Jones, freight and traffic manager of the Southern Pacific company, was the recipient today of emphatic protests from several large shipping firms against the proposed increase in tariffs on westbound freight.

NOVEMBER TERM OF DISTRICT COURT RECONVENES

SEVERAL CIVIL CASES SCHEDULED FOR HEARING THIS MORNING.

FEDERAL GRAND JURY DEC. 28

WILL TAKE UP CONDEMNATION SUITS AND COUNTERFEITING CASE.

The November term of district court will be convened this morning after a vacation of two days duration. The following civil cases are scheduled for hearing: Alvah Lewis vs. J. H. Thompson, D. R. Williamson vs. J. M. McCullom, Baird vs. Baird, Long vs. Long, and Fryer vs. Fryer.

Judge Nave will hand down a decision in the case of the Inspiration Mining company vs. Chas. Taylor, an action brought to quiet title, on December 28. This is an important suit and the decision is awaited with deep interest in mining circles.

Joshua O. Lee vs. the El Globo Mining & Milling company, is the title of an action brought to this county from Cochise on a change of venue and may come up for hearing at the present term of court. The papers in the case were filed with District Clerk Smalley yesterday. The plaintiff files a petition on behalf of certain of the stockholders in the defendant company praying for the appointment of a receiver. A petition asking that certain records be produced in court was rejected by Judge Doane.

United States court for this district will be convened on December 28, at which date the federal grand jury has been summoned to appear. The trial jury has been called for January 2. Deputy United States Marshal George of Tucson was in the city yesterday serving papers for this term of federal court, and another deputy was working in Graham county. There are twelve civil cases to be tried at this term, many of them being in the nature of condemnation suits in connection with the Roosevelt dam territory. The Newman counterfeiting case is the most important criminal case to be tried. The other criminal cases are, in the main, prosecution of parties accused of selling liquor to Indians.

FORMAL COMPLAINT MAKES WILSON MURDER DEFENDANT

SAN FRANCISCO, December 17.—A formal complaint, charging J. W. Wilson with the murder of Harry J. Boas, the young electrician who was poisoned by a preparation sent through the mails, was issued today upon application of Martin Boas, the dead man's brother.

Wilson was yesterday charged with murder by the coroner's jury, which heard the evidence in the case.

SECRET SOCIETIES ARE DISBANDING IN INDIA

CALCUTTA, December 17.—The course adopted recently by the Indian authorities to cause the arrest, swiftly and mysteriously, of all natives suspected of revolutionary activities, is having a good effect on the unrest of the population. Instead of being deported, leaders taken into custody are being distributed to various jails in India. It is reported that powerful native secret societies are dissolving as the result of energy displayed by the government.

A delegation of prominent natives supposed to be implicated in the revolutionary movement called on the local commissioner today and assured him of their support.

SCHMITZ MUST MAKE NEW BONDSMAN BY SATURDAY

SAN FRANCISCO, December 17.—Superior Judge Dunne today granted former Mayor E. E. Schmitz until Saturday to find a substitute bondsman for William J. Dingee, who, with Thomas H. Williams, is his surety for \$400,000 in the graft cases against him.

PROPOSE BUREAU OF FINE ARTS. WASHINGTON, December 17.—The American Institute of Architects today concluded its forty-second annual convention after electing officers and adopting a series of resolutions, the most important of which provides for the creation of a federal bureau of fine arts.

The proposed bureau of fine arts is to be pushed vigorously.

SENATE OF VENEZUELA DECLARES WAR

NEW CONSTITUTIONAL GOVERNMENT INAUGURATED IN A BLAZE OF GLORY.

SULTAN CHEERED TO THE ECHO

DIGNITARIES AT CAPITAL ARE ENTHUSIASTIC OVER NEW GOVERNMENT.

CONSTANTINOPLE, December 17.—The new constitutional government was inaugurated today with every sign of success. The new parliament, elected under the constitution promulgated by the Sultan last July, was opened, and everything passed off without the slightest disorder. Any fear that the Sultan man had had as to the temper of his subjects was dispelled by the display of enthusiasm. The fact that the Sultan came out openly to meet the people on this occasion, has gone a long way toward removing the effects of past evils attributed to palace rule. Tonight the streets are full of life and the city brilliantly illuminated. Frequent pistol shots are heard as a sign of general rejoicing.

The opening of parliament was solemnized by two hundred deputies and senators, together with chiefs of various religious communities, a large number of other state dignitaries and ministers and heads of diplomatic missions. With the exception of the Sultan's sons in the box, no other princes were represented. After the reading of the speech from the throne, there was a flourish of trumpets and troops massed outside the building gave three cheers for the Sultan, while artillery salutes announced the events to the whole population. Never before have such crowds been seen on the streets, a remarkable feature being the great number of Turkish women filling the windows and balconies along the line of march.

The Sultan, after resting a while, returned to Yildizkiosk by the same route along which he came. As before, he was enthusiastically cheered by enormous crowds.

HEARST EDITOR HELD FOR LIBEL

CARVALHO, OF NEW YORK AMERICAN, CHARGED WITH MAKING ROCKEFELLER, JR., APPEAR RIDICULOUS IN NEWS STORY.

NEW YORK, December 17.—On a charge of criminal libel made by John D. Rockefeller, Jr., S. S. Carvalho, president of the Star company, publishers of William R. Hearst's New York American, was arrested today and arraigned in police court before Magistrate Flinn.

On solicitation of Clarence J. Shearn, attorney for the Hearst publications, and without any objection by District Attorney Garvan, who had charge of the prosecution, Carvalho was paroled in custody of his lawyer until December 26.

Rockefeller, accompanied by Counsel Murphy, appeared in District Attorney Jerome's office early in the day and made complaint that an article published in the New York American, December 16, under Chicago date of December 15, with headlines "J. D. Rockefeller, Jr., Originated Peonage in Stockade; It Is Said," tended to injure his good name, reputation and credit and make him appear ridiculous.

Rockefeller said tonight: "I not only have no connection whatever with the company in question, but until I read the articles this morning, I was not aware that such a company existed. The article states that I went to Chicago a few months ago and talked of a system of peonage complained of. Now, as a matter of fact, I have not been in Chicago since the death of President Harper of the University of Chicago, a year ago last January."

Bradford Merrill, treasurer of the Star company, explained that the article at which Rockefeller had taken offense had come from Chicago in the regular routine way; that it had not originated in New York, and an investigation will be started at once.

"If we find we have wronged Mr. Rockefeller," said Merrill, "we will of course do everything in our power to atone for it."

VICE PRESIDENT HAS DECLARED COUNTRY IN STATE OF DEFENSE.

UPRISING AGAINST THE DUTCH

TELEGRAM RECEIVED AT BOGOTA CONFIRMS DECLARATION OF HOSTILITIES.

WASHINGTON, December 17.—A letter was caused in diplomatic circles today on the report that Venezuela had declared war against Holland. The report had foundation in a dispatch which came to the state department by way of Bogota. It is also pointed out, however, that the announcement was based on Vice President Gomez's declaration that his country is in a state of defense because Holland had seized the coast guardship Alexis.

Officials interested in the situation profess to see no actual difference between a "state of war" and a "state of defense," taking the position that it is a case of "distinction without a difference."

A revival of demonstrations against the Castro administration would not be surprising to the state department.

While it is premature to speculate, should the feeling against the president develop to the extent of open revolution, the state department, it is understood, would lose no time in resuming diplomatic intercourse with the new administration to the end that some action might be taken on unsettled claims against Venezuela and resumption of friendly relations.

WASHINGTON, December 17.—Vice President Gomez's recent declaration that Venezuela is in a state of defense, has been construed in some circles as meaning a state of war.

That inference is apparently justified by a dispatch which came to the state department today from Paxton Hibben, the American secretary of the legation at Bogota, Colombia, transmitting a telegram received by the minister of foreign affairs of that country from Caracas, dated the 14th inst. The telegram says:

"In view of the blockade established and the capture by blockaders of a Venezuelan vessel, the head of the government of Venezuela, after assuming extraordinary powers in defense of his country, has declared a state of war."

WILLEMSTAD, December 17.—According to letters just received here from Maracaibo there was a demonstration in that city three days ago against Holland. Members of the city council were leaders in the movement, in which they were supported by a big crowd.

CASTRO NOT WORRIED.

BERLIN, December 17.—President Castro did not leave his hotel all day, being busy with correspondence. He received a number of dispatches from Caracas, but nothing confirmatory of reports with reference to revolutionary movement in Venezuela, which both he and members of his suite persist in denying.

One of his aides declared tonight that he was convinced that the reports emanated from revolutionary agents in Caracas.

There is no truth in the report that Germany has been asked to undertake negotiations with Holland for the purpose of bringing about a settlement of the difficulty in Venezuela.

The president, who appears to be in extremely good humor and who seemingly is not suffering very much from his malady, received with his wife, three or four personal friends with whom he lunched in his apartments.

UPSON WINS AMATEUR CHAMPIONSHIP SHOOT

NEW YORK, December 17.—D. A. Pison of Cleveland won the amateur championship in the preliminary match at the opening of the national clay bird championship meet at Travers Island traps of the New York Athletic club, today. Upson made a score of 96 out of a possible 100. J. H. Hendricks of New York, W. M. Ford of Wilmington, Del., and C. W. Millings of New York, tied for second place, with 94 each. In the shoot-off, Hendricks won with 25 straight, Billings winning third with 23.

The professionals were led by J. A. R. Elliott of Brooklyn, who broke 96 birds out of 100. T. S. German of Aberdeen, Md., was second with 93, and George Maxwell of Holstein, Neb., third, with 91.
